

Susan Benner

Senior Account Executive

Susan, together with Rob Richman and Rob Fontana, was formerly a core member of Laforteza Design Group. Prior to that, she led client relations at Smith Design and Whitman Studios, pursuing new accounts while supporting and advising current clients. Her origins however lie on the creative side, having began as a Graphic Designer and Art Director in the NY advertising scene. As Senior Account Executive, Susan uses her integrated background in customer support and creative strategies to further enhance Page2's personal, hands-on service.
