

The Macallan Stopper Pack

The Macallan stopper pack featured the acclaimed 12 year-old with a complimentary bottle stopper. The stopper was cast in solid pewter and portrayed the Easter Elchies House — the “spiritual home of The Macallan”. This rendering of the Easter Elchies house appears in The Macallan logo, which was reproduced in a combination of white and metallic gold. The history of the house runs down one side of the box, with accolades of this fine single malt on the other and tasting notes completing the story on the back.
